WHO AM I

I'm a 13 year old HTML developer, and a student. I'm also a system administrator. I've used Linux for a really long while (3 years) and I have some experience with Python and NodeJS. I code HTML and CSS websites, as a hobby. I have some level of experience in working professionally.

Skills:

System Administration

Bash Scripts Knowledge

NodeJS and Python

Knowledge of HTML & CSS

Projects:

You can check out my projects over at my GitHub

Vouches:

"Vouch for neverland, does his job fast when needed." – Dreamzy

"+1 – Very experienced, Knows what hes doing, Good system-admin" - zaues
